PURE FUNCTION AND CLEAN AESTHETICS

We built Lezyne on a foundation of formidable engineering, award-winning design, and in-house manufacturing. This combination has brought us to the forefront of the bicycle accessories realm, where we continue to lead the way. We are the designers, developers, and producers of every product we sell, so nothing holds us back. Without traditional manufacturing limits, we've innovated and progressed to new heights this year. Our expanded Year 18 Collection features the pinnacle of new tech and designs, refined over nearly two decades.

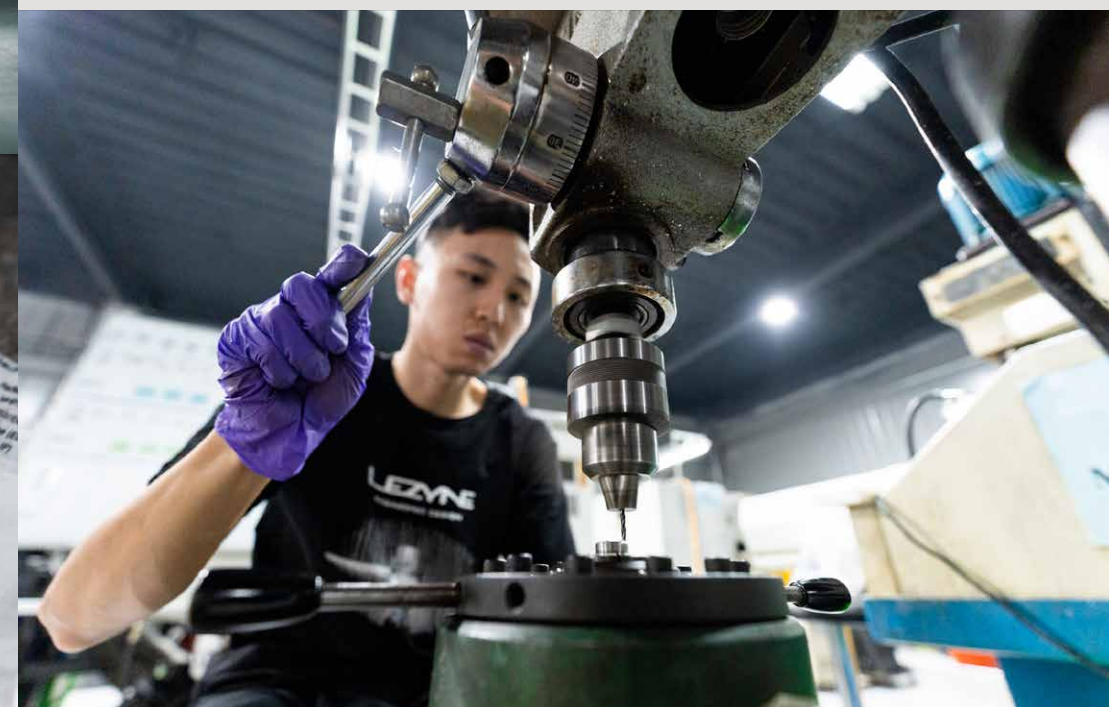

Lezyne – Engineered Design.

SUSTAINABILITY

At Lezyne, we pride ourselves on our core values of high-quality, engineered design. Our new packaging solutions are a testament to this commitment to excellence. We believe that every detail matters, from the materials we use to our packaging design. By prioritizing product protection and reducing waste, we're doing our part to contribute to a more sustainable future while maintaining our dedication to innovative and engineered design.

NEW NEW PRODUCTS HAVE THIS ICON NEXT TO THE LISTING

LED LIGHTS

NEW FEATURES:

Waterproof USB-C

Engineered Optical Lens Design

Increased Battery Capacity

Fresh Form Factor

Improved Heat Dissipation

LED LIGHTS

Our lights continue to lead the industry in quality, design, and safety. All of our lights are designed and produced in-house to meet our strict performance standards and feature advanced programming, the best materials, optimized lenses, and class-leading emitters. They are then verified in our own integrating sphere and each light is quality controlled before leaving our factory. Furthermore, with daytime visibility becoming more important than ever, we offer a full range of head and taillight options to keep you visible at all hours of the day. We've continued to develop "Smart Connect" for our LED platform, giving users even more control and ease of use throughout our line of premium bike lights.

The Alert feature detects deceleration on the bike.

Control compatible Smart Connect LED lights with our app or GPS.

New lens technology provides up to 270° of visibility.

Disruptive flash patterns for the best daytime visibility.

Infinite Light Power Pack Compatible.

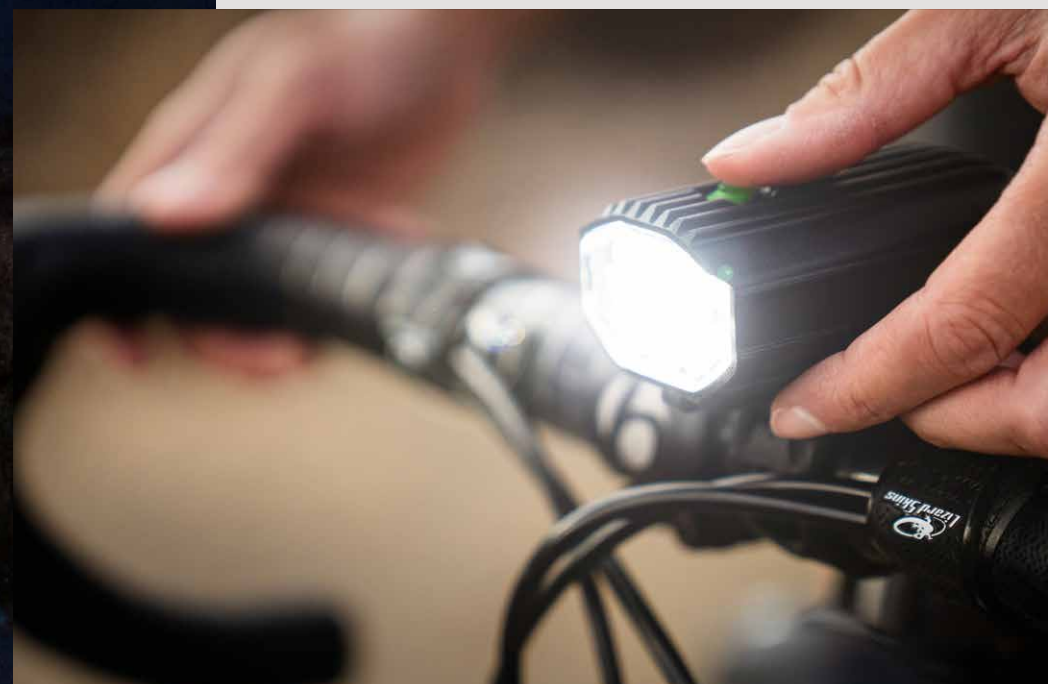

Engineered three-LED system with optimized lens.

Waterproof USB-C fast charge compatible.

IPX7 Waterproof rating.

LED ALLY APP

Smart Connect is an innovative technology we developed in-house to control, simplify, and customize compatible Lezyne LED lights. Using the app, Smart Connect lights can be controlled directly and/or programmed (as a combo or individually). Paired combos allow the front light to wirelessly control the rear light.

MEGA DRIVE 2400+ FRONT

\$179.99 / €179.95 / 280g LOADED KIT: \$329.99 / €329.95

- Max 2,400 lumen output / 450-hour max runtime in Femto mode.
- Waterproof USB-C 2A fast charging (cable not included).
- High-beam and low-beam patterns provide wide and uniform light distribution.
- CNC-machined aluminum construction with cooling fins.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 9600 mAh battery capacity.

- LOADED KIT Includes:
- Mega Drive 2400+ Front Light
 - Infinite Light Power Pack XL+
 - Mega Mount L
 - LED qPRO Mount
 - USB type A to type C Cable
 - Rugged storage case

CONNECT SMART PAIR

\$99.99 / €104.95 / Front: 153g - Rear: 46g

- The most advanced front/rear combo of cycling lights available.
- Smart Connect Compatible - control your lights with our free LED Ally App.
- Highly disruptive Daytime Flash mode.
- Front - Max 1000 lumens / 160-hour runtime in Femto mode.
 - Machined aluminum body / versatile mounting strip.
- Rear - Max 75 lumens / 19.5-hour runtime in Flash mode.
 - Co-molded construction / Wide Angle Optics: 270° of visibility.

Ai ALERT LIGHTS

When the cyclist decelerates, their rear light will automatically switch to a distinct “brake light” mode to signal a decrease in speed to anyone behind, enhancing visibility and safety while riding.

Through machine learning, our Ai Alert software filters for actual braking events, making it the most accurate and best cycling brake light on the market.

Our Ai lights are an enclosed software system, and do not collect rider data.

NEW

SADDLE Ai ALERT 250 REAR

\$74.99 / €74.95 / 73g

- Advanced taillight with “Ai Alert” brake sensing technology.
- Detects deceleration and changes output mode correspondingly.
- Max 250 lumens / 60-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- 7 combined solid and flash output modes.
- Wide Angle Optics: 270° of visibility.
- USB-C charging (cable not included).
- Fully CNC Aluminum construction.
- Saddle mounted rear light.
- Rigorously tested to IPX7 Waterproofing standards.
- 1100 mAh battery capacity.

STRIP DRIVE PRO 400+ REAR

- Max 400 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Waterproof USB-C charging (cable not included).
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1900 mAh battery capacity.

LITE DRIVE 1200+ / STRIP DRIVE PRO 400+ PAIR

\$134.99 / €134.95 / Front: 174g - Rear: 71g

LITE DRIVE 1200+(FRONT)

- Max 1,200 lumen output / 60-hour max runtime.
- Waterproof USB-C 2A fast charging (cable not included).
- CNC-machined aluminum construction with cooling fins.
- Fresh Optical Design.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 3800 mAh battery capacity.

1-LED-16P-V83

STRIP DRIVE PRO 400+ REAR

- Max 400 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Waterproof USB-C charging (cable not included).
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1900 mAh battery capacity.

LITE DRIVE 1200+ / KTV DRIVE PRO+ PAIR

\$109.99 / €109.95 / Front: 174g - Rear: 45g

LITE DRIVE 1200+ (FRONT)

- Max 1,200 lumen output / 60-hour max runtime.
- Waterproof USB-C 2A fast charging (cable not included).
- CNC-machined aluminum construction with cooling fins.
- Fresh Optical Design.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 3800 mAh battery capacity.

KTV DRIVE PRO+ (REAR)

- Max 150 lumens / 20-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Unique aero and round seatpost compatible design.
- Rigorously tested to IPX7 Waterproofing standards.
- Integrated USB-stick for cable-free recharging.
- 400 mAh battery capacity.

1-LED-16P-V737

MICRO DRIVE 800+ / STRIP DRIVE 300+ PAIR

\$94.99 / €94.95 / Front: 135g - Rear: 71g

MICRO DRIVE 800+ (FRONT)

- Max 800 lumen output / 35-hour max runtime.
- Waterproof USB-C charging (cable not included).
- CNC-machined aluminum construction with cooling fins.
- Fresh Optical Design.
- Optional GoPro mount available separately.
- Infinite Light Power Pack+ Compatible.
- Rigorously tested to IPX7 Waterproofing standard.
- 1900 mAh battery capacity.

STRIP DRIVE 300+ (REAR)

- Max 300 lumens / 80-hour runtime in Femto mode.
- Highly disruptive Daytime Flash mode.
- Wide Angle Optics: 270° of visibility.
- Waterproof USB-C charging (cable not included).
- Lightweight and durable co-molded design.
- Seven combined solid and flash modes.
- Aero and round seatpost compatible.
- Rigorously tested to IPX7 Waterproofing standards.
- 1400 mAh battery capacity.

E-BIKE LIGHTS

E-VISIBILITY MADE EASY

Designed to pair with most major E-bike powertrains, our LED E-bike headlights and taillights offer the perfect combination of powerful illumination and seamless integration.

E-BIKE LIGHTS

Our collection of e-bike lights feature the quality, technology, and style one would expect of a Lezyne LED product. No matter the type of e-bike or style of rider, there is an option that's sure to enhance both the bike and rider's visibility.

E-VISIBILITY

NEW

MEGA HB STVZO E2000 \$219.99 / €219.95

LB 600 lumens | HB 2000 lumens

- Engineered to meet StVZO-German light standards.
- Daytime running lights. (ECE R87)
- CNC-machined aluminum body with optimized heat-dissipating design.
- Includes CNC Machined Aluminum E-bike Mega Mount.
- Thermal Protection Safety Feature: Auto-reduces light output for safety and efficiency.
- Rigorously tested to IPX7 Waterproofing standards.
- Hi-Beam / Low-Beam switch with mode indicator.
- E-bike compatible 10.5 – 13.5V input, 8.5W LB / 16W HB.
- Versatile E-bike system compatibility.
- 130cm power cable with BES3 BOSCH connector included.

MINI STVZO E300+

\$49.99 / €49.95 / 80g

300 lumens | 100 lux

- Engineered to meet StVZO-German light standards.
- Composite Matrix body.
- Integrated machined aluminum top plate with cooling fins.
- Rigorously tested to IPX7 Waterproofing standards.
- Composite Matrix fork mount with stealth wire integration.
- E-bike compatible 6 –12V input, 5W.
- 130cm power cable included.

1-LED-EMNIST-V217C

Ai ALERT LIGHTS

When the cyclist decelerates, their rear light will automatically switch to a distinct “brake light” mode to signal a decrease in speed to anyone behind, enhancing visibility and safety while riding. See page 22.

NEW

WARP Ai ALERT FENDER STVZO REAR

\$39.99 / €39.95

30 lumens

- Advanced taillight with “Ai Alert” brake sensing technology.
- Detects deceleration and changes output mode correspondingly.
- Fender mounting for optimum visibility.
- Engineered to meet StVZO-German light standards with Z-mark reflector.
- Sixteen high-output LEDs.
- Vivid Optics floods bikes’ surrounding area with light for improved 360°visibility.
- E-bike Compatible 10.5 - 13.5V input, 1.7W.
- Rigorously tested to IPX7 Waterproofing standards.
- Stainless Allen key hardware included.
- 130cm power cable included.

1-LED-ERWFSTAL-V1

NEW

Z-MARK SUPER BRIGHT STVZO Ai ALERT REAR

\$29.99 / €29.95 / 48g

12 lumens

- Advanced taillight with “Ai Alert” brake sensing technology.
- Detects deceleration and changes output mode correspondingly.
- Two high output LEDs provide 12 lumens.
- Engineered to meet StVZO-German lens standards with wide light distribution.
- Automatic Deceleration Detection with 10 LED, 24 lumen Alert signaling mode.
- E-Bike Compatible 6 – 12v input, 1.2w / 2.4w Alert mode.
- Composite Matrix rack mounting system.
- Rigorously tested to IPX7 Waterproofing standards.
- Stainless Allen key hardware included.
- 130cm power cable included.
- 50 and 80mm mount spacing.

1-LED-ERSBSTAL-V3

NEW

RACK PRO STVZO E40 REAR

\$39.99 / €39.95

- 40 lumens
- Rear Rack mounting for optimum visibility.
 - Engineered to meet StVZO-German light standards with twelve high output LEDs.
 - Vivid Optics floods bikes’ surrounding area with light for improved 360° visibility.
 - E-bike Compatible 10.5 - 13.5V input, 1.7W.
 - Rigorously tested to IPX7 Waterproofing standards.
 - 50 and 80mm rack mount spacing.
 - Stainless Allen key hardware included.
 - 135cm power cable included.

1-LED-ERRKPST-V1

FENDER STVZO ALERT REAR

\$24.99 / €24.95 / 24.2g

- 11 lumens
- Two high output LEDs provide 11 lumens.
 - Engineered to meet StVZO-German light standards with wide light distribution.
 - Automatic Deceleration Detection with 4 LED, 22 lumen Alert signaling mode.
 - E-bike compatible 6 - 12v input, 1.2w / 2.4w Alert mode.
 - Composite Matrix fender mounting system.
 - Rigorously tested to IPX7 Waterproofing standards.
 - Stainless Allen key hardware included.
 - 130cm power cable included.

1-LED-ERFNDSTAL-V2

SUPER BRIGHT STVZO ALERT REAR

\$24.99 / €24.95 / 48g

- 12 lumens
- Two high output LEDs provide 12 lumens.
 - Engineered to meet StVZO-German light standards with Z-Reflector and wide light distribution.
 - Automatic Deceleration Detection with 10 LED, 24 lumen Alert signaling mode.
 - E-Bike Compatible 6 – 12v input, 1.2w / 2.4w Alert mode.
 - Composite Matrix rack mounting system.
 - IPX7 waterproof.
 - Stainless Allen key hardware included.
 - 130cm power cable included.
 - 50 and 80mm mount spacing.

1-LED-ERSBSTAL-V2

Z-MARK SUPER BRIGHT STVZO E12 REAR

\$19.99 / €19.95 / 21g

- 12 lumens
- Two high output LEDs provide 12 lumens.
 - Engineered to meet StVZO-German light standards with Z-Reflector and wide light distribution.
 - E-bike compatible 6v input, 0.4w / 12v input, 0.8w.
 - Composite Matrix rack mounting system.
 - Rigorously tested to IPX7 Waterproofing standards.
 - Stainless Allen key hardware included.

1-LED-ESBST-V104

FENDER STVZO REAR

\$19.99 / €19.95 / 23g

- 11 lumens
- Two high output LEDs provide 11 lumens.
 - Engineered to meet StVZO-German light standards with wide light distribution.
 - E-bike compatible 6v input, 0.6w / 12v input, 1.2w.
 - Composite Matrix fender mounting system.
 - Rigorously tested to IPX7 Waterproofing standards.
 - Stainless Allen key hardware included.
 - 130cm power cable included.

1-LED-ERFNDST-V1

Mini Mount

FORWARD CENTER MOUNT \$16.49 / €16.95 / 16g

- Ultra-tough Composite Matrix construction.
- Designed to fit either 35 or 31.8mm handlebar diameters.
- Clean installation out in front of the stem for optimal lighting placement.
- Includes rubber shims for ultimate bar grip.

1-LED-RP-EMTONT-V104

ALUMINUM FORK MOUNT \$10.49 / €10.45 / 15g

- Versatile LED and accessory forward mount.
- Bolts directly to fork.
- Included Aluminum Fork Mount, spacer, and screw set.
- Suitable for most Lezyne bike front light LEDs.
(Super, Classic, Macro, Power, Power Pro, Micro, Hecto)

1-LED-RP-EMTALM-V104

MINI MOUNT (W/ AL GOPRO ADAPTER)

W/AL GoPro Adapter \$7.49 / €7.45 / 22g | Mini Mount Only \$4.49 / €4.45 / 17g

- Versatile LED and accessory forward mount.
- Bolts directly to fork.
- Included Composite Matrix construction mini mount, aluminum. GoPro mount adapter, O-ring, spacer, and screw set.
- Suitable for most Lezyne bike front light LEDs.
(Macro, Power, Power Pro, Micro, Hecto)

1-LED-RP-EMTMNAL-V04 (w/AL GoPro Adapter)

1-LED-RP-EMTMNI-V104 (Mini Mount Only)

WIRE MOUNT \$5.49 / €5.45 / 15g

- Lightweight, stainless steel Lezyne LED mount.
- Bolts directly to fork.
- Includes mount, spacer, and screw set.
- Suitable for most Lezyne bike front lights LEDs.
(Super, Classic, Macro, Power, Power Pro, Micro, Hecto)

1-LED-RP-EMTW-V106

SUNTOUR NEX/NCX FORK CROWN MOUNT \$5.49 / €5.45 / 12g

- Versatile LED and accessory forward mount.
- Bolts directly to stem faceplate.
- Included Composite Matrix Suntour Mobie Fork Mount, spacer, and screw set.
- Suitable for most Lezyne bike front light LEDs.
(Super, Classic, Macro, Power, Power Pro, Micro, Hecto)

1-LED-RP-EMTCMB-V104

SUNTOUR MOBIE FORK CROWN MOUNT \$5.49 / €5.45 / 19g

- Versatile LED and accessory forward mount.
- Bolts directly to stem faceplate.
- Included Composite Matrix Suntour Mobie Fork Mount, spacer, and screw set.
- Suitable for most Lezyne bike front light LEDs.
(Super, Classic, Macro, Power, Power Pro, Micro, Hecto)

1-LED-RP-EMTMOB-V104

POWER PACK LIGHTS

POWER PACK LIGHTS

Experience the pinnacle of bike lighting technology with our high-beam and low-beam Power Pack LED bike lights. Engineered to meet StVZO-German light standards, these lights deliver exceptional brightness and a wide, uniform light distribution, ensuring unparalleled versatility and safety. Crafted from CNC-machined aluminum, they offer durability, advanced cooling, and thermal protection. They operate with the USB-C rechargeable Power Pack XL, connected via a DC connector and removable with a durable and secure Velcro strap. IPX7-waterproof and robust, they're perfect for dedicated cyclists seeking reliability and performance.

STVZO LIGHTS

NEW FEATURES:
 Waterproof USB-C
 STVZO Engineered Optical Lens Design
 Increased Battery Capacity
 Fresh Form Factor

**STVZO LIGHTS**

StVZO LEDs are bike lights that comply with the safety standards developed by the German government. These lights feature a special lens that provides a floodlight that's leveled off so as not to intrude with oncoming traffic.

ZUGELASSENES FLUTLICHT

APPROVED FLOODLIGHT

HOHE NAHAUSLEUCHTUNG
EXCELLENT CLOSE-UP ILLUMINATION

NEW ENHANCED OPTIMIZED STVZO OPTICS = MORE LUMENS

OPTIMIZED BEAM PATTERN

Our innovative StVZO lenses are engineered to provide an optimal light beam for greater visibility and night riding performance while still complying with German regulations.

KTV PRO Ai ALERT STVZO REAR

\$34.99 / €34.95 / 50g

11 Lumens / 6.5 hours

- Engineered to meet StVZO-German light standards.
- Advanced taillight with “Ai Alert” brake sensing technology.
- Detects deceleration and emits a bright light, alerting others that you’re slowing down.
- Wide angle optics with 270°visibility for maximum safety.
- Aero and round seatpost compatible.
- Lightweight and durable.
- Rigorously tested to IPX7 Waterproofing standards.
- Integrated USB-stick for cable-free recharging.
- 400 mAh battery capacity.

- Wide Angle Optics: 270° of visibility.
- Rigorously tested to IPX7 Waterproofing standards.
- Aero and round seatpost compatible.
- Integrated USB-stick for cable-free recharging.
- 400 mAh battery capacity.

NEW

HECTO STVZO 40 / STICK+ STVZO PAIR

\$72.99 / €70.95 / Front: 104g - Rear: 51g

HECTO STVZO 40 (FRONT)

- Max 105 lumens | 40 lux / 15-hour runtime in Economy mode.
- Engineered to meet StVZO-German light standards.
- CNC-machined aluminum body.
- Li-poly battery with charge indicator.
- Rigorously tested to IPX7 Waterproofing standards.
- Optional GoPro mount available separately.
- 1300 mAh battery capacity.

STICK+ STVZO (REAR)

- Max 50 lumens / 5-hour runtime in Economy mode.
- Engineered to meet StVZO-German light standards with eight LEDs.
- Incredibly thin, innovative taillight.
- Quickly unclips from magnetic base for easy recharging.
- Wide Angle Optics for up to 270° of visibility.
- Lightweight design constructed from durable composite material.
- Rigorously tested to IPX7 Waterproofing standards.
- USB rechargeable (Integrated USB stick for cable-free recharging).
- 460 mAh battery capacity.

1-LED-9P-STVZO-V704

NEW

HECTO STVZO 40 / STICK STVZO PAIR

\$68.99 / €66.95 / Front: 104g - Rear: 23g

HECTO STVZO 40 (FRONT)

- Max 105 lumens | 40 lux / 15-hour runtime in Economy mode.
- Engineered to meet StVZO-German light standards.
- CNC-machined aluminum body.
- Li-poly battery with charge indicator.
- Rigorously tested to IPX7 Waterproofing standards.
- Optional GoPro mount available separately.
- 1300 mAh battery capacity.

STICK STVZO (REAR)

- Max 30 lumens / 3-hour runtime in Economy mode.
- Engineered to meet StVZO-German light standards with eight LEDs.
- Incredibly thin, innovative taillight.
- Quickly unclips from magnetic base for easy recharging.
- Wide Angle Optics for up to 270° of visibility.
- Super secure, versatile rubber strap.
- Lightweight design constructed from durable composite material.
- Rigorously tested to IPX7 Waterproofing standards.
- 300 mAh battery capacity.

FLOOR PUMPS

**NEW HIGH VOLUME
FLOOR PUMPS**

[Page 82]

FLOOR PUMPS

From bike shops to World Tour mechanics, our floor pumps have consistently been the number one choice of professionals worldwide. Our pump performance and durability are second to none because we're dedicated to extensively designing and manufacturing with the finest materials available. Every pump is 100% quality control tested before leaving the factory. We don't cut corners and keep our pumps rebuildable for long lasting use.

DIGITAL TRAVEL FLOOR DRIVE

\$119.99 / €119.95 / 792g

- 160 psi, 11 bar.
- Portable floor pump with integrated highly accurate digital gauge.
- CNC machined aluminum barrel and base, steel piston, composite matrix handle.
- Stainless steel footpegs fold out for added stability.
- ABS1 Pro with threaded Presta-only chuck.

Black: 1-FP-DTFDR-V104

CNC DIGITAL DRIVE 3.5

\$139.99 / €129.95 / 1390g

- CNC-machined aluminum construction.
- Anodized high-polish finish handle.
- ABS1-Pro chuck for Presta and Schrader.
- Precision 3.5-inch digital gauge (220 psi / 15 bar).
- Extra long, nylon-reinforced braided hose with aluminum couplers.

NEW COLOR:

Satin Black: 1-FP-CNCDDR-V437

Gloss Silver: 1-FP-CNCDDR-V406

CNC FLOOR DRIVE 3.5

\$109.99 / €109.95 / 1402g

- CNC-machined aluminum construction.
- Oversized 3.5-inch gauge (220 psi / 15 bar).
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- Anodized high-polish finish.
- ABS1-Pro chuck for Presta and Schrader.

NEW COLOR:

NEW

ALLOY HV DIGITAL DRIVE 3.5

\$119.99 / €119.95 / 1590g

- CNC - machined aluminum construction.
- Oversized Barrel.
- Varnished wood handle with aluminum junction.
- ABS1-Pro Tubeless chuck for Presta and M6x0.8.
- Extra long, nylon reinforced braided hose with aluminum couplers.
- 3.5" Precision digital gauge (100psi/6.89bar).

Satin Black: 1-FP-AHVDDR-V137

Gloss Silver: 1-FP-AHVDDR-V106

NEW

STEEL HV FLOOR DRIVE 3.5

\$74.99 / €74.95 / 1792g

- Steel barrel and piston with machined aluminum base.
- Oversized Barrel.
- Varnished wood handle.
- ABS1-Pro chuck for Presta and Schrader.
- Extra long, high strength hose with matrix couplers.
- 3.5" gauge (100psi/6.89bar).

Flat Black: 1-FP-STHVFLDR-V147

Flat Grey: 1-FP-STHVFLDR-V131

NEW

MACRO HV FLOOR DRIVE

\$49.99 / €49.95 / ABS 1334g / Dual Valve 1360g

- Steel barrel and piston with composite matrix base.
- Oversized Barrel.
- Composite matrix handle.
- Extra long, high strength hose with matrix couplers.
- 3.5" gauge (100psi/6.89bar).
- ABS flip chuck for Presta and Schrader/ Dual Valve Head.

ABS Flip Flat Black: 1-FP-MAHVFL-V147

DV Flat Black: 1-FP-MAHVFL-V247

Digital Pressure Over Drive

DIGITAL PRESSURE OVER DRIVE

\$174.99 / €174.95 / 2517g

- Integrated tank system to seat tubeless tires.
- Manually pressurized secondary chamber with a stainless steel foot lever release.
- Precision digital gauge (220 psi / 15 bar).
- Durable steel and aluminum construction.
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- ABS-1 Pro Tubeless chuck for Presta and M6x0.8.

1-FP-DPRODR-V204

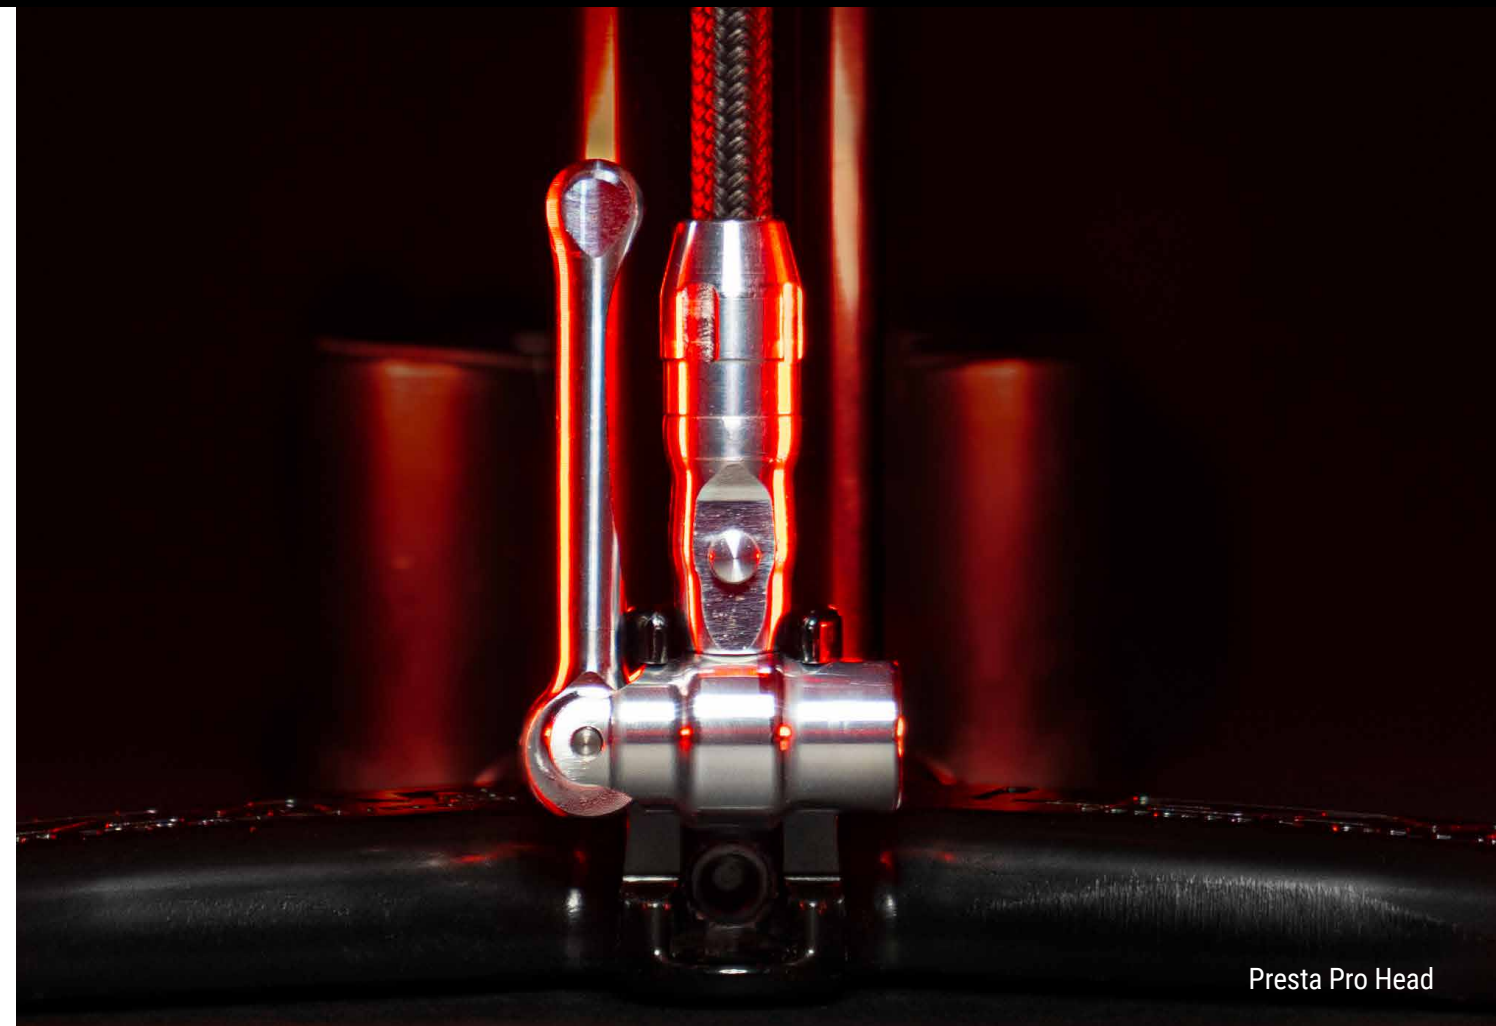

PRESSURE OVER DRIVE

\$149.99 / €149.95 / 2492g

- Integrated tank system to seat tubeless tires.
- Manually pressurized secondary chamber with a stainless steel foot lever release.
- 2.5-inch gauge (220 psi / 15 bar).
- Durable steel and aluminum construction.
- Extra long, nylon-reinforced braided hose with aluminum couplers.
- ABS-1 Pro Tubeless chuck for Presta and M6x0.8.

1-FP-PRODR-V204

Presta Pro Head

NEW

PRESTA PRO HEAD

\$29.99 / €29.95 / 42g

- Fully CNC-machined aluminum.
- Slim lever actuated Presta only quick valve.
- Smart Pressure Control air-bleed system.
- Self-lubricating brass internal slider.

1-PRESTAP-V106

DUAL VALVE HEAD

\$10.99 / €10.95 / 51g

- Dual Valve chuck fits Presta, Schrader, and Dunlop valves.
- Composite Matrix construction.
- Aluminum locking lever.

1-DUAL-V104

ABS1 PRO HP CHUCK

\$18.99 / €18.95 / 47g

- CNC-machined aluminum and Composite Matrix construction.
- Thread-on design.
- Chuck "flips" for Presta and Schrader compatibility.
- Integrated Presta valve-core tool.
- Self-lubricating anodized aluminum swivel.

HP (Red): 1-ABS1P-CHUCK-V111

Replacement Chuck only: 1-RP-ABS1P-HEAD-V111

ABS FLIP CHUCK

\$13.99 / €13.95 / 10.1g

- Flip thread, Presta, and Schrader compatibility
- Thread-on design.
- CNC-machined aluminum construction.
- Compatible with all models of swivel.
- For all High-Pressure floor pumps and all Micro Floor Drive hand pumps.

1-FLIP-STD-V312

Valve Stem only

Presta

ABS-1 PRO TUBELESS CHUCK HEAD

\$7.59 / €7.55 / 7.8g

- Presta and M6x0.8 compatibility.
- CNC machined aluminum.
- Threaded tip.
- Head ONLY.
- For Digital Pressure Over Drive, Pressure Over Drive, and Alloy HV Digital Drive 3.5.

1-RP-ABS1P-HEAD-V204

SLIP CHUCK

\$10.99 / €10.95 / 13.1g

- Slip-fit, Presta only for ABS Flip-Thread chucks.
- CNC-machined aluminum construction.
- Two-piece, tool-free seal replacement design.
- Includes six replacement seals.

HAND PUMPS

HAND PUMP HIGHLIGHTS:

Tubeless tire repair options, knurl grips and classic finishing highlight our latest collection of hand pumps.

HAND PUMPS

Our line of precision-built, category, redefining hand pumps continue to lead the industry in quality, style, and efficiency. We offer a wide range of compact and innovative high-pressure or high-volume pumps. Additional options and features include highly accurate digital gauges as well as durable, quality chucks for both Presta and Schrader valves.

POCKET DRIVE PRO HV \$49.99 / €49.95

- 144mm, 104g / 90 psi, 6.2 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.

Neo Metallic/Black: 1-MP-PKDRHVP-V104
Matte Black/Gloss Black: 1-MP-PKDRHVP-V117

MICRO FLOOR DIGITAL DRIVE HPG
\$89.99 / €89.95

- 300 mm (11.8”), 240g/160 psi, 11 bar.
- Portable pump with integrated highly accurate digital gauge.
- CNC-machined aluminum barrel, piston, base, and T-handle.
- Stainless steel footpeg aids floor pump-like operation.
- Presta and Schrader valve-compatible ABS Flip Chuck.
- Includes Composite Matrix frame mount.

Black: 1-MP-MFDR-V204HPDG, Silver: 1-MP-MFDR-V206HPDG

MICRO FLOOR DRIVE HP/HPG
HP: \$54.99 / €56.95 HPG: \$69.99 / €66.95

- 300 mm (11.8”), 210g(HPG) 177.2g (HP) / 160 psi, 11 bar (HPG).
- Portable pump with integrated ABS Pen Gauge (HP version without gauge).
- CNC-machined aluminum barrel, piston, base, and T-handle.
- Stainless steel footpeg creates floor pump-like operation.
- ABS Flip-Thread Chuck.
- Includes Composite Matrix frame mount.

HP, Black: 1-MP-MFDR-V204HP, Silver: 1-MP-MFDR-V2HP
HPG, Black: 1-MP-MFDR-V204HPG, Silver: 1-MP-MFDR-V2HPG

POCKET DRIVE PRO \$49.99 / €49.95

- 141 mm (5.55”), 98g /160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes aluminum frame mount.

Neo Metallic/Black: 1-MP-PKDRPRO-V104, Neo Metallic/Silver: 1-MP-PKDRPRO-V106
Matte Black: 1-MP-PKDRPRO-V117

POCKET DRIVE \$31.99 / €27.95

- 141 mm (5.55”), 75g / 160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose.
- Includes Composite Matrix frame mount.

Black: 1-MP-PKDR-V104, Lite Grey: 1-MP-PKDR-V119

POCKET DRIVE LOADED \$54.99 / €50.95

- 141 mm (5.55”), 212g / 160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose.
- Includes Lever Kit, Twin speed CO2 Head, and 1x20G CO2 cartridge, and velcro strap.

Black: 1-MP-PKDRL-V104

DIGITAL PRESSURE DRIVE
\$79.99 / €81.95

- 170 mm (6.7”), 128g / 120 psi, 8.3 bar.
- Integrated highly accurate digital gauge.
- CNC-machined construction.
- Presta and Schrader valve-compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.

1-MP-DPRDR-V1S04

GRIP DRIVE HP \$34.99 / €32.95

- 185 mm (7.28”), 88g (S); 230 mm (9.05”), 101g (M) / 120 psi, 8.3 bar.
- Grip-textured CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose.
- Includes Composite Matrix frame mount.

Small/ Black: 1-MP-GRIPHP-V1S04, Silver: 1-MP-GRIPHP-V1S06, Red: 1-MP-GRIPHP-V1S11
Medium/ Black: 1-MP-GRIPHP-V1M04, Silver: 1-MP-GRIPHP-V1M06, Red: 1-MP-GRIPHP-V1M11

GAUGE DRIVE HP \$54.99 / €54.95

- 232 mm (9.1"), 115.2g / 120 psi, 8.3 bar.
- CNC-machined aluminum barrel, handle, and piston.
- Presta and Schrader valve compatible ABS Pen Gauge Flex Hose.
- Includes Composite Matrix frame mount.

Black: 1-MP-GDHP-V1M04, Silver: 1-MP-GDHP-V1M06

LITE DRIVE \$39.99 / €39.95

- 180 mm (7"), 74.8g (S); 219 mm (8.6"), 88g (M) /160 psi, 11 bar.
- CNC-machined aluminum construction with compact overlapping handle.
- Presta and Schrader valve-compatible ABS Flex Hose.
- Includes Composite Matrix frame mount.

DIGITAL SHOCK DRIVE \$79.99 / €81.95

- 225 mm (8.9"), 108g / 350 psi, 24 bar.
- Integrated highly accurate digital gauge.
- Compact and lightweight aluminum construction.
- Designed for trailside or home use.
- Hose threads into handle.
- Zero-loss chuck design unthreads after valve pin seals.

1-MP-DSHKDR-V104

SHOCK DRIVE \$54.99 / €56.95

- 260 mm (10.2"), 170g / 400 psi, 27.5 bar.
- CNC aluminum construction.
- Designed for trailside or home use.
- Diaphragm gauge.
- Hose threads into handle.
- Zero-loss chuck design unthreads after valve pin seals.

1-MP-SHKDR-V204

DIGITAL CHECK DRIVE \$49.99 / €50.95

- 150 mm (5.9"), 60.9g / 350 psi, 24 bar.
- Compact tire pressure gauge with highly accurate digital gauge.
- Composite Matrix design.
- Machined aluminum head.
- Presta or Schrader valve compatible Flip-Thread Chuck.

1-GAUGE-DIGI-V1350

ABS PEN GAUGE \$26.99 / €25.95

- 210mm, 30.5g / 120 psi, 8.3 bar.
- ABS Flex Hose with integrated pressure gauge.
- Stores in handle of ABS Flex Hose equipped Lezyne hand pumps (medium and large sizes only).
- Presta and Schrader valve-compatible ABS Flip Chuck.

CO2 INFLATORS

CO2 INFLATORS

Our advanced CO2 inflation systems are elegantly machined from aluminum. Thanks to advanced engineering, they function as beautifully as they look. From simple slip-fit designs to highly advanced controlled-release systems, our CO2 inflators offer superior performance for all cyclists looking for instant tire inflation solutions.

Trigger Speed Drive CO2

Control Drive CO2

PRESSURE DRIVE CFH

\$54.99 / €54.95 / 110g | \$21.99 / €21.95 (hose only)

- Versatile 2-in-1 hand pump or CO2 inflator system.
- Integrated steel-braided hose doubles as the CO2 dispenser.
- Pump features a CNC-machined aluminum body, piston, and handle.
- Presta and Schrader valve-compatible Flip Chuck.
- Includes 16g CO2 cartridge, frame mount, and Velcro strap.
- Mounts to a frame or fits in a jersey pocket.
- Compatible with threaded CO2 only.

1-C2-PRCFH-V204

CO2 Flex Hose: 1-RP-CFH-HOSE

CFH Mounting Options:

Standard mounting option

Alternate mounting option
(2nd CO2 sold separately)

CONTROL DRIVE CO2

- 16g: \$29.99 / €29.95 / 84g | 25g: \$32.99 / €31.95 / 125g
Head Only: \$27.99 / €26.95 / 24g
- CNC-machined aluminum dispenser.
 - Control knob twists for easy inflation.
 - Twin Slip Fit head presses onto Presta and Schrader valves.
 - Neoprene sleeve insulates hands from cold during discharge.
 - Available with one 16g, or 25g CO2, or as a head only.
 - Compatible with threaded CO2 cartridges only.

EXBBT-SOC \$19.99 / €19.95 / 234g

- Forged, professional grade hardened steel.
- External bottom bracket tool.
- For use with our 32 mm CNC Rod, an adjustable wrench, or 3/8 socket drive.

External BB: Campagnolo, Chris King, FSA, Phil Wood, Shimano, SRAM, Truvativ, Etc.

1-ST-EXBBT-SOC-V108

CLASSIC PEDAL ROD

\$29.99 / €29.95 / 362g

- Shop-quality pedal wrench.
- Varnished ergonomic wood handle with durable chromoly head.
- Two 15 mm offset wrench openings positioned for optimum leverage.
- Replaceable head and handle.
- Integrated bottle opener.

1-ST-CPW-V102

CLASSIC CHAIN DRIVE

\$49.99 / €54.959 / 302.5g

- Ultimate shop-quality chain breaker.
- Extra strong steel body.
- Ergonomic driver.
- Hardened steel breaker pin with extra pin stored in handle.
- Adjustable design works with 7/8/9/10/11/12 speed chains.
- Classic wood handle.

1-MT-CCT1-05T04

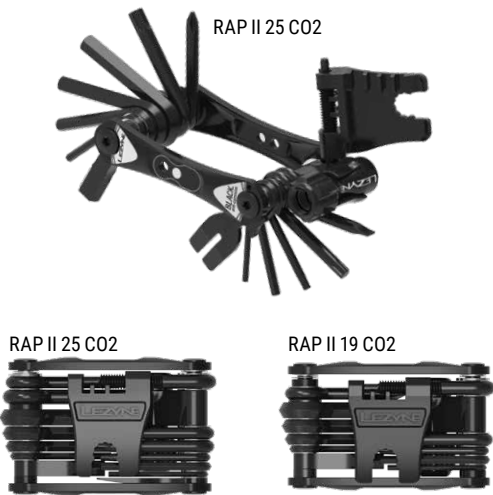

3-WAY SPOKE WRENCH

\$9.99 / €11.45 / 29g

- Shop-quality 3-way spoke wrench.
- Compact, ergonomic design.
- Durable cast steel body.
- CNC-machined slots.
- Fits 3.2mm, 3.3mm, and 3.45mm.

1-ST-YSW-V106

RAP II CO2 - MULTI TOOLS

- RAP II 25 CO2: \$36.99 / €36.95 / 196g

TORQUE DRIVE

\$54.99 / €54.95 / 178g

- Pre-calibrated, torsion beam-style torque wrench.
- No preset necessary—simply twist until marker lines up with desired torque setting.
- Machined aluminum construction with removable handle.
- 2Nm – 10Nm torque capacity.
- Super hard CRV (chrome vanadium) black bits.
- Integrated magnet holds tool bits in place.
- Hex bits: 2, 2.5, 3, 4, 5, 6 mm.
- Torx bits: T10, T25, T30.
- Phillips bit + Flathead bit.
- Includes soft shell carrying case with storage cutouts.

1-MT-TTDR-V104T12

T-DRIVE \$34.99 / €35.95 / 136g

- Machined aluminum construction.
- Removable handle.
- Integrated magnet holds tool bits in place.
- Super hard CRV (chrome vanadium) black bits.
- Hex bits: 2, 2.5, 3, 4, 5, 6, 8 mm.
- Torx bits: T10, T25, T30.
- Phillips bit.
- Flathead bit.
- Includes soft shell carrying case with storage cutouts.

1-MT-TDR-V104T12

POCKET TORQUE DRIVE

\$64.99 / €64.95 / 74g

- Pre-calibrated, torsion ratchet style torque wrench.
- Machined aluminum construction with removable handle.
- 2Nm - 6Nm torque capacity.
- Integrated magnet holds tool bits in place.
- Includes molded EVA foam shell carrying case with storage cutout.
- Bits included: Hex 2.5, 3, 4, 5 mm, Star Bits T20, T25.

1-MT-PTDR-V104T12

STORAGE DRIVE \$24.99 / €25.95 / 78g

- Machined aluminum construction.
- Storage for bits in handle.
- Super hard CRV (chrome vanadium) black bits.
- Integrated magnet holds tool bits in place.
- Hex bits: 3, 4, 5 mm.
- Torx bits: T25, T30.
- Includes strap for on-the-bike mounting.

1-MT-STDR-V104T5

CHAIN GAUGE

\$10.99 / €10.95 (EA:28g) | Box set: \$274.99 / €274.95

- Multi-function chain wear checker and chain holder.
- Constructed from precision-machined stainless steel.
- Integrated valve core tool and bottle opener.
- Included steel ring for hanging storage.
- Works with 5-12-speed chains.
- Available individually or in a countertop box (30 pcs).

1-MT-CHANGUE-V106

Countertop Box (30pcs): 1-MT-CHANGUE-V1B06

Multi Chain Pliers

MULTI CHAIN PLIERS \$39.99 / €41.95 / 58g

- Professional grade, versatile multi tool pliers.
- Constructed from hardened aluminum.
- Integrated quick link tool and chain breaker.
- Includes: valve core wrench, bottle opener, rotor
- Alignment tool, and storage for two quick links.

1-MT-CTPLIR-V104

CHAIN DRIVE \$19.99 / €19.95 / 92g

- Shop quality chain breaker.
- Durable cast and CNC machined steel body.
- Ergonomically contoured shape.
- Replaceable hardened steel breaker pin.
- Four integrated spoke wrenches (also removes breaker pin).
- Adjustable design works with 7/8/9/10/11/12 speed chains.
- Spare breaker pin included.

1-MT-CT1-05T04

TUBELESS INSERT KIT

\$27.49 / €27.45 / 30.9g

- Machined aluminum tubeless repair kit.
- Securely and discretely inserts like a bar plug.
- Includes five repair plugs, and repair tool.
- Fits most standard flat or riser bars.

TIRE REPAIR

PRO TUBELESS KIT
The perfect all-in-one tubeless
tire repair system.

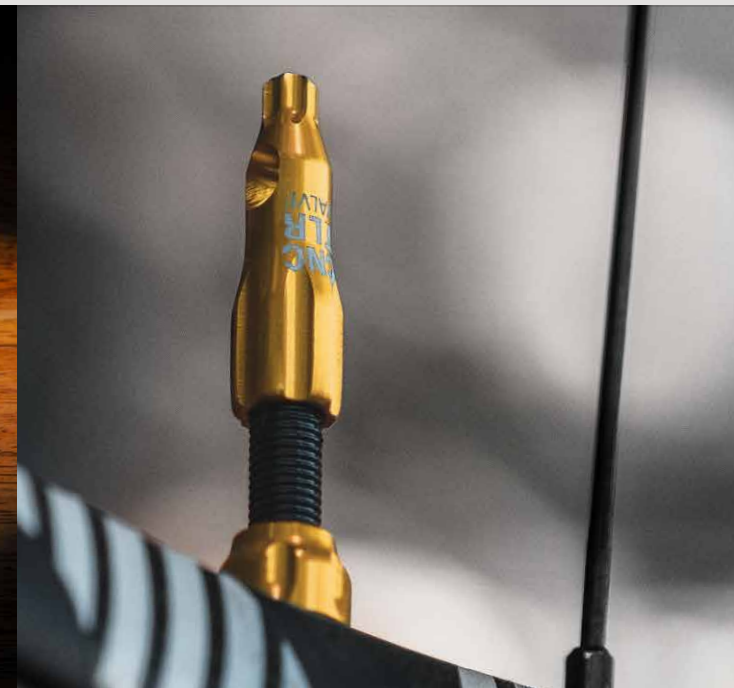

TIRE AND TUBELESS ESSENTIALS

We've developed a collection of reliable tire essentials so you can ride with the assurance of not getting stranded. Our glueless patches use a very aggressive adhesive and our tire levers are made from the best and strongest materials. We sweat the little details, including tubeless-specific tire levers and masterfully engineered tubeless tire valves in the collection.

Tubeless Pro Plugs

SMART GRIP MOUNT \$24.99 / €25.95 / 93g

- Strong rubber straps securely holds phone.
- CNC-machined aluminum mount.
- Replaceable rubber strap.
- Comes with 2 sizes of straps to fit most smartphones.

1-PH-GRIPMT-V104

SMART VISE MOUNT \$29.99 / €30.95 / 124g

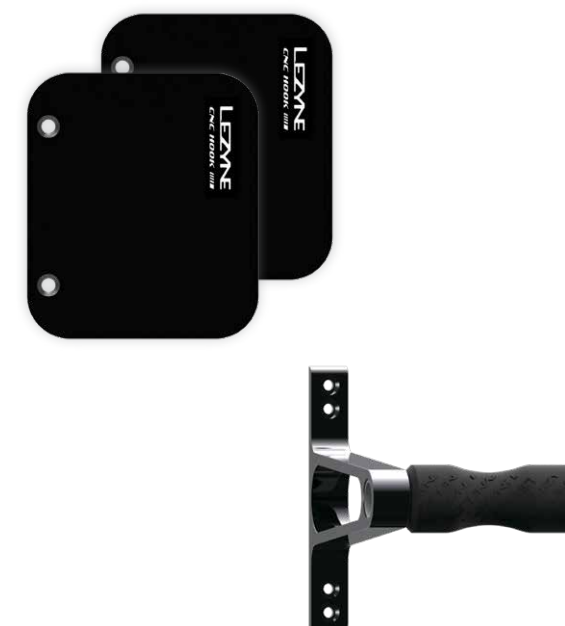

- Secure vise grip to hold phones tight.
- Soft padding to protect phone and reduce vibration.
- Replaceable rubber strap.
- Fits most phones with or without a case.

1-PH-VISEMT-V104

BICYCLE STORAGE

Much like with our jaw-dropping shop tools, we combined our engineering expertise with our distinct sense of style to create a line of professional-quality bicycle storage units that boast a modern touch of elegance. Built to last, these racks have been crafted to add a touch of style to any room or garage while saving space and keeping your bikes securely on display.

CNC ALLOY WHEEL HOOK

\$44.99 / €44.95 / 374g

- Modern, industrial 3-piece bicycle wall mount.
- Stylish CNC-machined aluminum wheel hook and tire plates.
- Durable, anti-slip cover secures bike and safeguards rim.
- Minimalist aluminum tire plates prevent wall scuffing.
- One-time installation for easy bike storage and space saving.
- Suitable for all styles of standard bicycles: from BMX to downhill bikes.*
- Mounting hardware included.
- Approved up to 3.5" tire width.
- 13cm of rim + tire clearance.
- 70lb / 32kg weight capacity.
- *Check space height and tire/rim diameter.
- May not work with some wheel spoke patterns

1-BS-CNCTH-V104

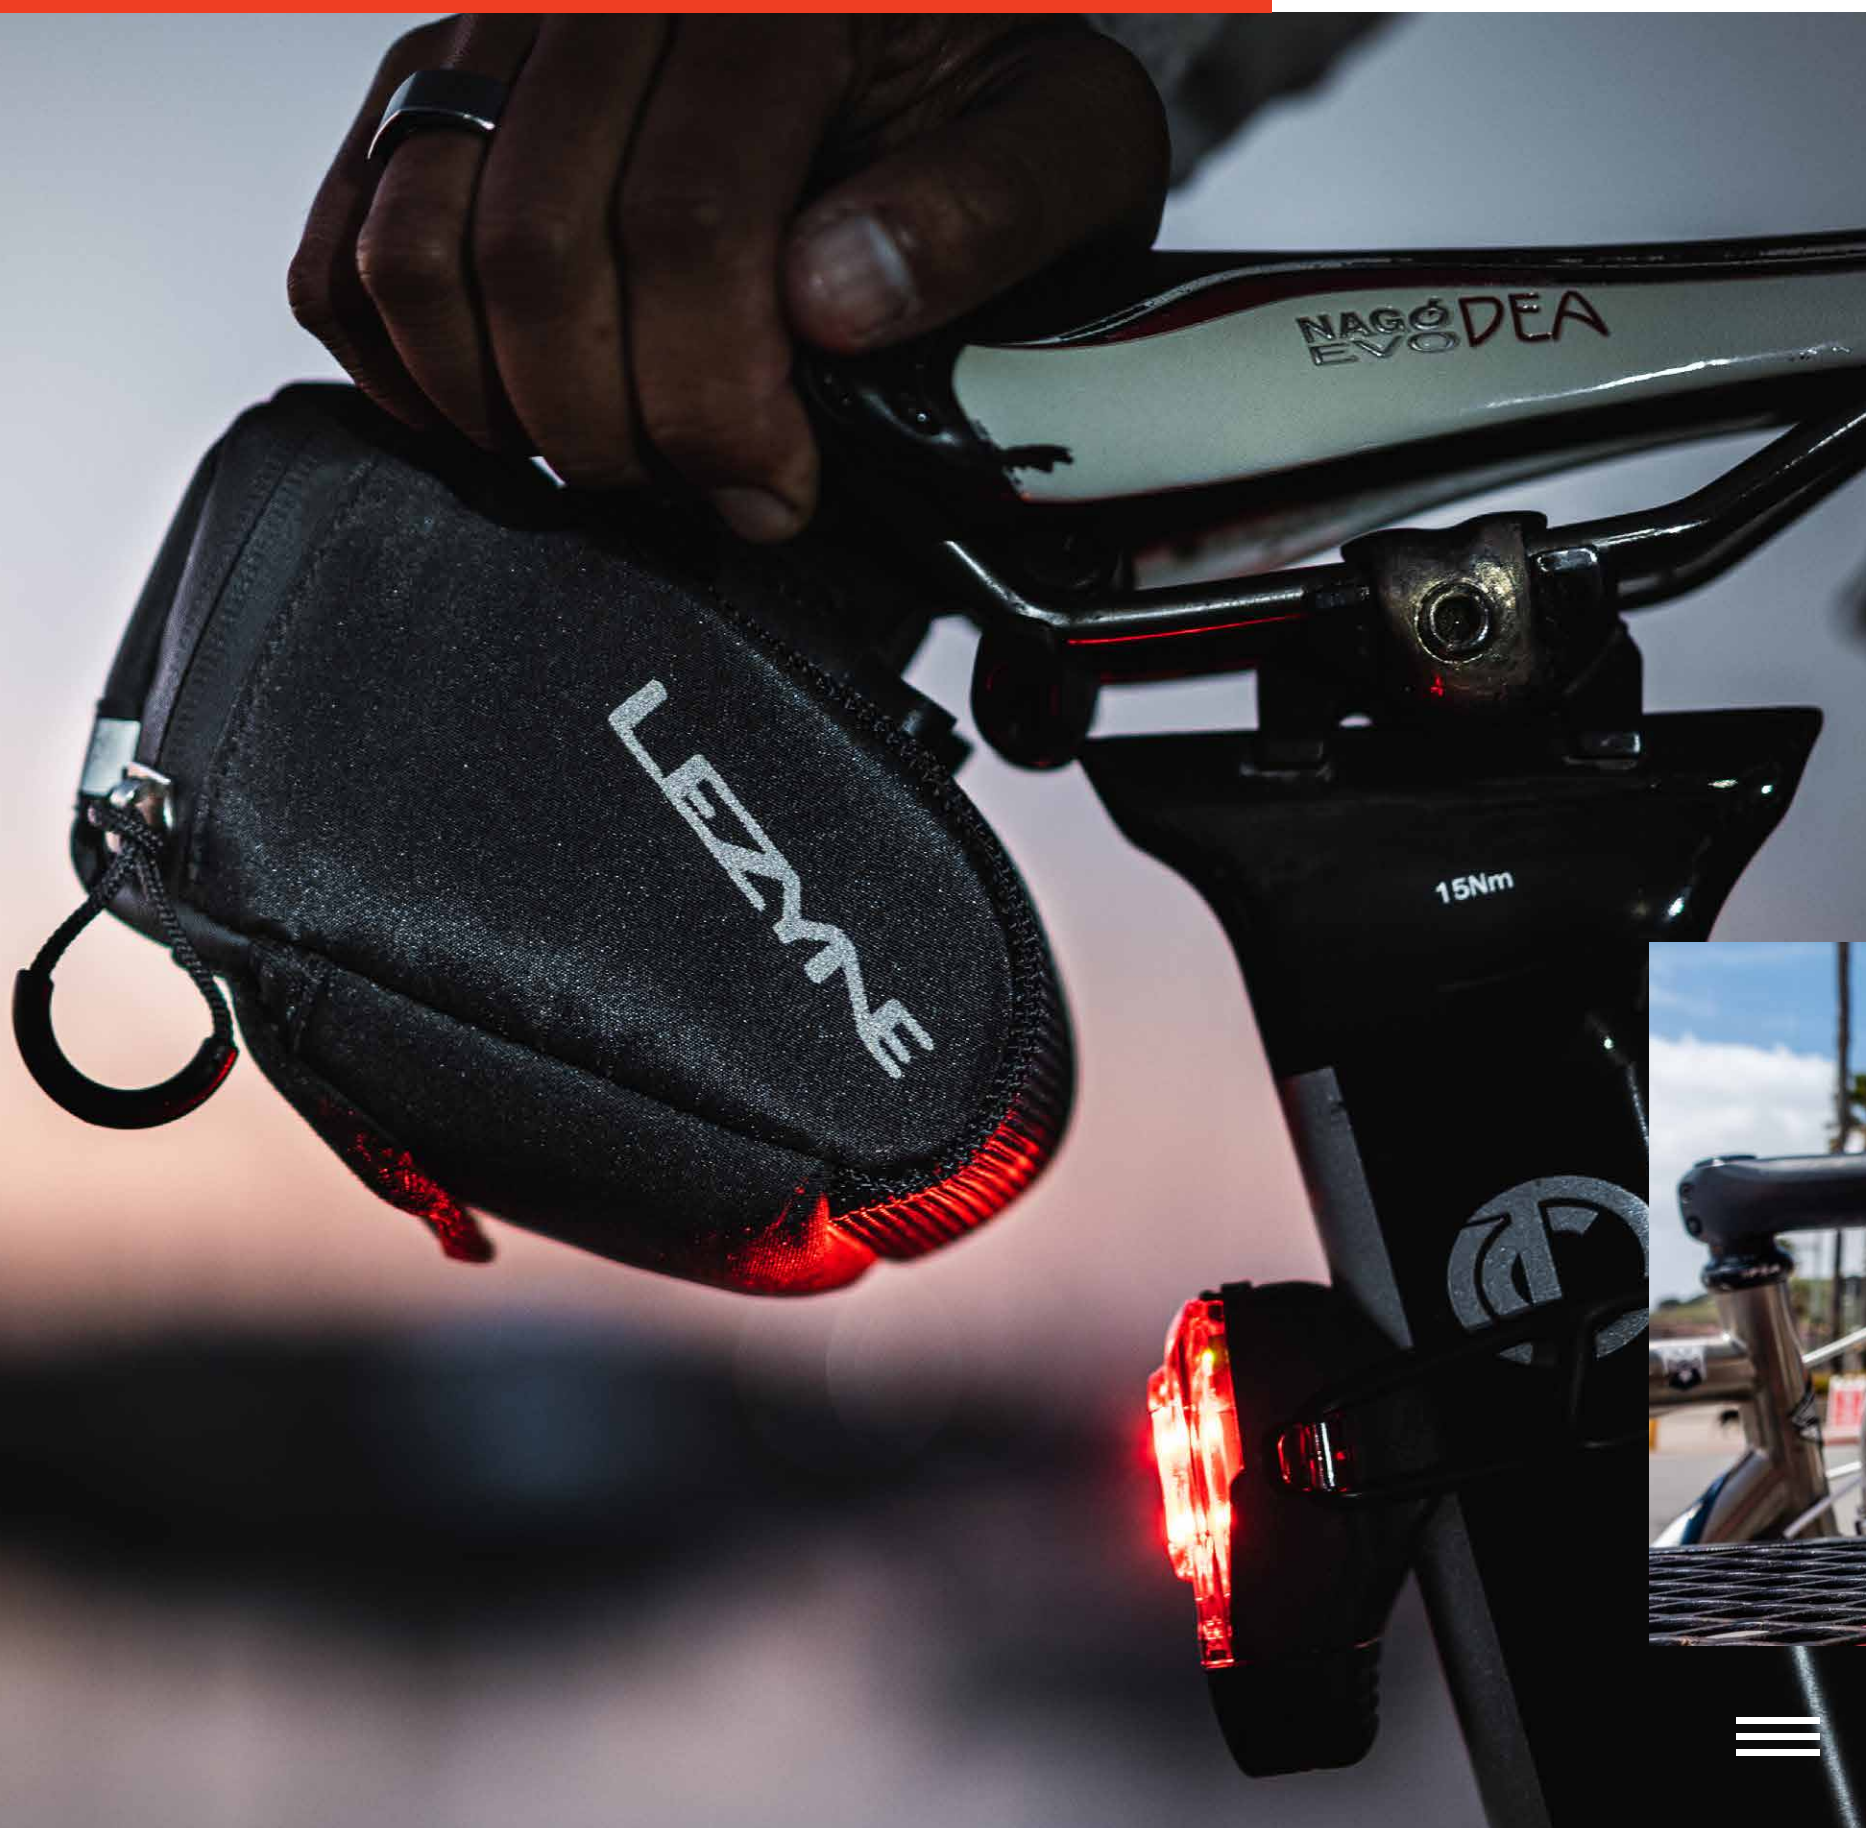

STAINLESS PEDAL HOOK

\$39.99 / €39.95 / 486g

- Modern, industrial 3-piece pedal hook wall storage.
- Stylish and resilient polished stainless steel finish.
- Compact, sleek tire plates prevent wall scuffing.
- One-time installation for easy bike storage and space saving.
- Compatible with standard bicycles and pedals.*
- Mounting hardware included.
- Approved up to 3" tire width.
- 70lb / 32kg weight capacity.
- *Check sizing first.

ORGANIZED FOR EVERYTHING

Our soft goods and organizers have been an integral part of the Lezyne brand since our inception. We offer a large variety of styles and sizes, be it a small, aero saddle bag, a full collection of bike-packing essentials, or everything in between—from jersey wallets to handlebar-mounted phone holders. Our bags and organizers are known for their quality, durability, clean aesthetics, and excellent value. Cyclists of all types will find something to help keep them organized out on the road or trail.

BOTTLES & CAGES

THE LATEST

Engineered first and foremost
to provide a rock-solid hold on your bottles

Side-load for small frames

A cage for every budget and every application

Your style, your color

Flow Cage SL Enhanced

NEXT LEVEL HYDRATION

Our bottle cages are engineered and tested to hold bottles tightly over any terrain while providing easy access thanks to creative designs including side-loading construction, top catches, and larger openings. All of our cages are made from premium carbon, aluminum, or Composite Matrix, ensuring the highest quality at all of our price points. Our range of classic water bottles includes models constructed from “zero taste” materials as well as insulated options.
