We Deliver Vision.

100% is about Vision. What our athletes see and how we innovate. We enable athletes to see and think differently. Breaking away from convention requires imagination, innovation, and clarity. 100% eyewear provides vision and confidence. We focus on eliminating distractions at the highest levels of racing & competition.

Eyewear Technologies

100Percent
We Deliver Vision

Eyewear Workbook
2024

Features

TR90 FRAMES

Shatterproof, high alternative bending strength, lightweight.

3DPlane™ Molded Lens

The unparalleled 3D lens design shape provides the user with the most optical clarity and enhanced protection.

ULTRA HD POLYCARBONATE LENSES

Shatterproof, impact resistant, 100% UV protection and optically flawless clarity.

PHOTOCHROMIC LENS

Reacts to the intensity of UV light and evolves lens tinting to match conditions.

ULTRA-GRIP

Rubber nose pad and tips with specifically designed patterns to increase grip.

HYDROPHOBIC + OLEOPHOBIC COATING

Water, dirt and oil repellent coating.

HiPER LENS

100%'s own technology ramps up contrast, amps up colors and enhances detail to see more of what matters.

HARD COATING

Hard coating of the highest quality prolongs the lifetime of the lenses and ensures crisp optics.

The Aerocraft

Introducing Aerocraft. The striking look of Aerocraft is attributed to the 3DPlane Molded Lens - a technology that's been implemented into our MX and Snow goggles since 2019. The unparalleled design shape provides users with the unmatched optical clarity and enhanced protection while melding seamlessly into the lightweight, flexible temples.

Features

- Designed in California
- Ultra HD lenses manufactured from high-impact resistant and lightweight polycarbonate
- 6-base cylindrical shield lens for increased peripheral view and protection
- 360° visibility for unobstructed views and optimal field of vision
- Interchangeable scratch resistant lenses provide 100% UV protection (UV400)
- Hydrophobic and Oleophobic lens treatment repels water, dirt and oil
- Adjustable temple tips for the perfect fit
- Durable, flexible and lightweight TR90 frame
- Ultra-grip rubber nose and temple tips provide a secure fit no matter how much you sweat
- Also available with contrast-defining HiPER lens and photochromic lens
- Comes with a hard case, microfiber cleaning bag, clear replacement lens* and extra alternative fit nose pad
- Category defining ULTRA HD lens provides unmatched optical clarity
- Injection-molded 2mm impact-rated, shatter-resistant lens

The Hypercraft

UltraLight. UltraPerformance. UltraCarbon™.
Featuring UltraCarbon™ technology, 100%® frameless Hypercraft® sunglass is lighter, stronger and more dynamic than any performance shield on the market. Feel Nothing. See Everything.

Features

- Designed in California
- Superior optics with Ultra HD lenses made from crack and chemical resistant material
- 5.5-base cylindrical shield lens for increased peripheral view and protection
- 100% proprietary UltraCarbon™ material for a durable, strong and lightweight frame
- 100% UV protection (UV400)
- Scratch-resistant lens coating of the highest quality
- Streamlined Laser Cut Rimless Shield with superior ventilation positioned with aerodynamic angles
- Hydrophobic and oleophobic lens treatment repels water, dirt, and oil
- Temple arm scoops to manage moisture
- Available with contrast-defining HiPER® lens and photochromic lens
- Ultra-grip rubber nose and temple tips provide a secure fit
- Ultra-lightweight of 23 grams offers ultimate performance with minimal weight
- Comes with a hard case, microfiber cleaning bag, clear replacement lens* and extra alternative fit nose pad

The Legere Coil

Weightless. Limitless.

Introducing LEGERE COIL, a standout design created by contrasting a rounded single shield lens with a straight browline. Using the same UltraCarbon technology as the rest of the LEGERE family, COIL presents a slightly bigger spherical shape to the line — tactfully accented with a straight brow. The flat top and heavier browline make a bold statement in these lightweight, minimalist sunglasses, giving it a unique look while being so lightweight it feels as if you're wearing nothing at all. Feel Nothing. See Everything.

Features

- Designed in California, handcrafted with Ultra HD nylon lenses
- Rimless 2-base shield design for an ultralight, comfortable fit
- 100% proprietary UltraCarbon™ material for a durable, strong and lightweight frame
- 100% UV protection (UV400)
- Scratch resistant lens coating of the highest quality
- Hydrophobic and Oleophobic lens repels water, dirt and oil
- Ultra-grip rubber nose and temple tips provide a secure fit
- Available with contrast-defining HiPER® lens
- Ultra-lightweight of 17 grams, active performance with minimal weight
- Interchangeable lenses sold separately
- Comes with a microfibre cleaning bag

The Legere Trap

Weightless. Limitless. LEGERE TRAP blends the technology of our Hypercraft and style of our Rideley into a bold, single shield lens silhouette. The unique outline and UltraCarbon technology caters to athletes searching for the freedom to show their signature style, on and off the field. The unisex silhouette of the single shield lens is enhanced by detailed etching around the perimeter, creating a dynamic look so lightweight it feels as if you're wearing nothing at all. Feel Nothing. See Everything.

Features

- Designed in California, handcrafted with Ultra HD nylon lenses
- Rimless 2-base shield design for an ultralight, comfortable fit
- 100% proprietary UltraCarbon™ material for a durable, strong and lightweight frame
- 100% UV protection (UV400)

The Legere Round

Weightless. Limitless.

Developing UltraCarbon™ technology for the Hypercraft® model led to expanding the benefits of its strength and weight savings into our Active Performance range with our two Legere models. Utilizing the same UltraCarbon™ technologies, we've designed the Legere® to be the new everyday favorite sunglasses for active and style-conscious athletes. The unisex silhouette of the single shield lens is enhanced by the detailed etching around the perimeter, giving it a unique look while being so lightweight it feels as if you're wearing nothing at all. Feel Nothing. See Everything.

The Kasia

Introducing Kasia: A Modern Take on Classic Style
Inspired by the iconic style of classic Aviators, the Kasia features a round lens and straight brow bar design in a 6-base frame for a sleek, comfortable fit. With Ultra HD material lenses as standard, the Kasia is also available in contrast-defining HiPER® and PEAKPOLAR lenses for enhanced visibility. Suitable for working out or day-to-day functions thanks to the lightweight frame and ultra-grip nose and temple pads for no slip comfort.

Features

- Designed in California
- Superior optics with Ultra HD lenses made from crack and chemical resistant material
- 6 base frame design for a sleek, comfortable fit
- 100% UV protection (UV400)
- Scratch resistant lens coating of the highest quality
- Hydrophobic and Oleophobic lens treatment repels water, dirt and oil
- Durable, flexible and lightweight TR90 frame
- Flex-hinges for comfortable fit and handling
- Ultra-grip rubber nose and temple tips provide a secure fit
- Reversible nose pads for alternative fit
- Also available with contrast-defining HiPER lens and PEAKPOLAR lens
- Frame is prescription ready
- Comes with a microfibre cleaning bag
